

Be a Guinness World Record Breaker!

We are celebrating the launch of *The Paper Dolls*, by Julia Donaldson and Rebecca Cobb by making **the world's longest ever chain of paper dolls!**

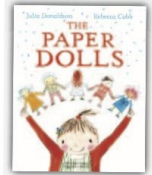

We need your help to make our chain of dolls a whopping **3kms long!** That is 60 lengths of an Olympic swimming pool or 270 London buses and means around **11,500 of these sheets!**

We are donating 10p for every doll that makes up the chain to Save the Children

How to join in:

- Anyone can join in and make as many dolls as they like
- Colour in, fold and cut out these dolls
- Put your name, age and an email address on the back and send them to us in the post or via the website
- Get your friends, family, school or work involved! Templates are available from the website
- Everyone who enters gets entered into a special prize draw to attend the record event and will get a certificate if we break the record!

Closing date for submission of your paper dolls is 28th of August 2013
