STAR WARS JEDI AND SITH LIGHTSABERS

This is the weapon of a Jedi Knight. Not as clumsy or random as a blaster; an elegant weapon for a more civilized age. – Obi-Wan Kenobi

A weapon of mystery and elegance, the lightsaber entranced a generation. What's not to like about a sword of pure plasma wielded by an order of mystic space samurai? Now as the world prepares for the release of *Star Wars Episode VII: The Force Awakens*, we have a new generation to mesmerize with these iconic weapons. There are thousands of Jedi in the Star Wars universe, but here are some of the most important and unique sabers from the Star Wars films, *The Clone Wars* and *Star Wars: Rebels*.
