

# THE PAPERCRAFT ZOMBIE

<http://elmogwai.deviantart.com>

Ever wanted to have your very own zombie army, but never had the resources/guts to sneak into cemeteries and re-animate the dead through obscure, sweet, unethical science?

Well, worry yourself no more my friend. El Mogwai's come to the rescue!

Just print out this page, cut out all the forms using a pair of round tip scissors (or get a grown-up to help you handle a cutter), and follow the simple assembly instructions to begin amassing your very own legion of the undead.

WARNING: NO MATTER WHICH MATERIAL YOU USE, THE PAPERCRAFT ZOMBIE WILL NEVER MOAN. IF YOU DO HEAR A MOANING, RUN FOR YOUR LIFE AND TELL YOUR NEAREST SUPERVISING ADULT ABOUT IT.
